Present: Councillor Judith Warner (Chair), Ian Adams, David Boothroyd, Louise Hyams and Patricia McAllister

1. Biennial Standards Committee Report

- (a) We have considered a draft Biennial Standards Committee report which covered the Committee's work between March 2020 and March 2022.
- (b) The provision of such a report emphasises the importance the Council places on the importance of ethical standards across the organisation and affords the opportunity to highlight key achievements and areas of good practice and to identify any requirements for improvement.
- (c) We welcomed the report and recommended it to the Council for noting.

Recommendation:

That the Council notes the Biennial Standards Committee report as set out in Appendix A.
